

Dear Uncle Tom & Mrs. F.  
The day is beautiful and dad has the  
lawn mowed and it needs it again as  
it was so long, but we had to wait  
until it was dry before cutting it.  
Mike is here this week-end and we  
stayed over night Friday night so they could  
go out.

I am very excited about selling the  
cabin and Aunt Stella and I are going  
to Elymellon tomorrow to sign the papers.  
A girl in her 30's bought it, even tho  
has no water and the floor in the out-  
house is ready to come in. I am going  
to take the old buffet and coffee  
table and ice box. You can plan  
on being taken out to some special  
place for dinner on the cabin.

Mary's car still isn't fixed as the  
trouble can't be found so she has the  
station wagon. Her car runs along fine  
and then suddenly stops and then in  
a short time starts again. The gas  
tank and every thing else has been  
cleaned and checked.

Little Charlie (25 yrs and 6'2) is  
living with George as he is work-  
ing at Todd ship yards. Aunt Stella  
gets up at 5 a. m. to fix his breakfast.

Vickie, I want to tell you that I  
and of course Elmer, think you are  
wonderful and we are very lucky  
you are our daughter-in-law. The  
reason I want you to know this

And I hope you already do, it's because  
Mrs. Locury doesn't think that much of  
Mary. It doesn't bother Mary, but I  
will tell you about it when I see  
you. It's nothing serious, really funny,  
but a little maddening - to me at least.  
Jeremy, we also think you are  
wonderful, and we are lucky to have  
you also.

Love, Mow
